5:20 at the Solaris parking garage at Camana Bay. RCIPS cruiser parked just outside the garage (100 yards from the offender). Called 949-4222 (RCIPS). Made the report, the operator tells me she will try to call the owner to have them move it, then call an officer if the driver wasn't available.

I was shocked! So the RCIPS is giving abusers a courtesy call before they come out? This isn't the first time we have heard this also!

Anyways, we stick around for a few minutes to see what will happen with the RCIPS car parked 100yds from the offenders car. There is one officer in the cruiser and another one walks up and gets in the car, this is about 5 minuets after the call. Low and behold they drive away never going to even check on the car we reported.

RCIPS FAIL
